### 3. Specific Trading Bonus Scheme Terms

- 3.1 The Company offers different Trading Bonus schemes, from time to time, which differentiate in the size of the bonus in relation to the initial deposit in the Trading Account. The Bonus shall become a part of the deposit for securing Trading results, but shall not be available for withdrawal, unless the Required Trading volume has been performed in the Trading Account (the "Required Volume"). The Required Volume in lots shall be equal to the Bonus amount received multiplied by two (2) and divided by ten (10).
- 3.2 Crypto Currencies and Stocks volume are excluded in the trading volume for the pending bonus.
- 3.3 If the requirement is not fulfilled within sixty (60) calendar days from the deposit date, the bonus amount will be removed from the client's account. If this should cause a margin call, the Company will wait for client to either deposit additional funds or close all of his/her positions.
- 3.4 Clients may withdraw the funds they deposited at any time, however the bonus amount and any generated profit amount can only be withdrawn once the minimum trading requirements outlined above have been met. By accepting the deposit bonus, clients may NOT withdraw the trading profit funds at any time nor the bonus funds they received until the “required volume” requirements have been met according to the restrictions. Any withdrawal of funds from an Eligible Client's real

Account(s) prior to the completion of the “required volume”, will cause the removal of the previously awarded trading bonus(es).

3.5 Eligible Clients, who meet the criteria set forth herein are able to receive a trading bonus equal to:

- a) 30% on the amount of their **first** deposit eg. 1,000\$ that is made in their real Account(s) with the Company, provided that the maximum amount of any such trading bonus awarded to any particular Eligible Client will be limited to a maximum amount of 300 \$ (or currency equivalent ), per Eligible Client.
- b) 75% on the amount of any **subsequent** deposit eg. 1,000\$that is made in their real Account(s) with the Company, provided that the maximum amount of any such trading bonus awarded to any particular Eligible Client will be limited to a maximum amount of 750\$,(or currency equivalent ), per Eligible Client.
- c) The total amount of trading benefit accumulated due to participation in this Trading Bonus Scheme promotion is set to 1,050\$(or currency equivalent ), as per the example above.
- d) In case the client receives additional bonus, bonuses will be merged to one bonus, in such cases the new **bonus expiration** will be calculated as follows: the remaining days left from the acceptance of the first bonus + (new bonus / old bonus) \* 60 days. Ex. Client has 1000\$ bonus and 10 days left to expiration. If client gets another bonus of 500\$, new bonus will be 1500\$ and bonus expiration will be 40 days (10 days + 60\*500/1000)

Table of example:

TOTAL DEPOSITS	MAXIMUM TRADING BONUS APPLIED	REQUIRED VOLUME
\$1,000	30% on \$1,000= \$300	60 Lots
\$1,000+\$1,000	30% on \$1,000 +75% on \$1,000= \$1,050	210 Lots
\$1,000+\$4,000	30% on \$1,000 +75% on \$4,000= \$3,300	660 Lots
\$1,000+\$9,000	30% on \$1,000 +75% on \$9,000= \$7,050	1410 Lots
\$1,000+\$19,000	30% on \$1,000 +75% on \$19,000= \$14,550	2910 Lots
